

Safety and Comfort for Your Home

Full 180° Panorama • Made in Germany • Maintenance Free

The MOBOTIX Plug&Play Solution Includes:

- Pre-configured MOBOTIX IP Video Door Station
- Pre-configured MxDisplay+
- RFID access cards
- Mounting accessories

Perfect Plug&Play

The new IP video set represents the perfect start into the world of smart home and increases the level of comfort and security in every home. Thanks to the complete pre-configuration, the set works immediately after power-up. It consists of the T25 IP Video Door Station and video counter station MxDisplay+. The T25 includes all MOBOTIX innovations like a real 180° panoramic view for perfect entrance coverage without any blind spots. Keyless access is supported by the MOBOTIX bell module and the included RFID badges.

Advanced IP Video Door Station

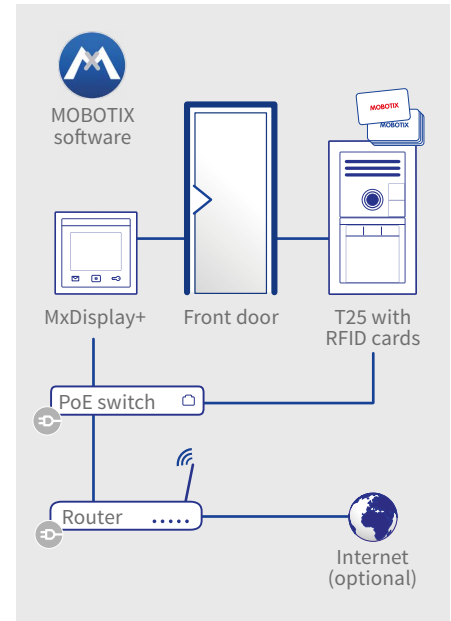

With the T25 and its modular product portfolio it is possible to realize an intercom door station with 180° panoramic view, bell button and RFID-based access control, automatic alarm notification and video messaging.

Optional Remote Access

Talking with a person in front of a door or switching the light remotely from anywhere in the world via smartphone is reality¹.

Smartphone Power in the Wall

MxDisplay+ is very intuitive and supports gesture control like a smartphone. It manages access to the T25 IP Video Door Station as well as time-based access control of the entrance, reads and writes RFID transponders without any PC or additional infrastructure.

Delivery of IP Video Entrance Set Order Code: MX-T25-SMART-SET1

T25 IP Video Door Station with BellRFID

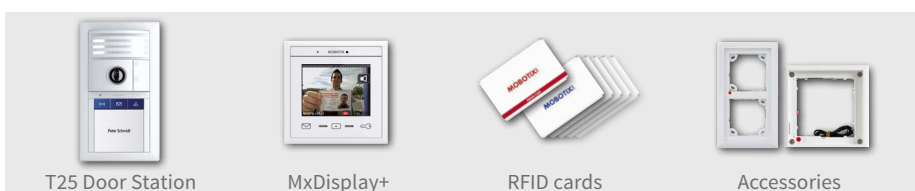

Video intercom MxDisplay+

RFID cards (1 x admin, 6 x user)
